The spirits of Christmas

From left, "the Bear Lady," Hawaii first lady Lynne Waihee, Santa Claus and volunteer Reno Long were among the folks at Washington Place last night for a Christmas benefit for a group known as HUGS, Help Understanding Group Support for Hawaii's seriously ill children. Toys and other donations will go to seriously ill children whose families cannot afford gifts because of medical bills. Long, who also is executive vice president of Hawaii Ecumenical Housing Corp., organized the benefit.
